Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Business schools have long enticed students into their MBA programs with the promise that, after a short stint spent studying the ins and outs of the business world, they will be able to step right into the upper echelons of management or launch a business that soon has them flitting about the world in a private jet. Sounds great, you say. Sign me up! Not so fast. Sure, business school might prove a necessary prerequisite for those aiming to gain employment at a large financial institution, land a job with a consultancy, or accelerate their journey to managerial superstardom at a Fortune 500 company. There are no forays into game theory in The Street Smart MBA, no parables, and no intellectualizing. Instead what you will find is a practical, easy-to-understand, step-by-step business strategy guide that encourages you to revive a handful of basic yet essential...
