## Twenty Thousand Leagues Under the Sea (Paperback)

By Jules Verne

Dover Publications Inc., United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. The man who invented the future, French novelist Jules Verne fanned mankind's desire to explore earth's hidden territories. His prophetic 1870 adventure novel, featuring a fabulous underwater craft commanded by the brilliant and mysterious Captain Nemo, predated the deep-water submarine. Weaving amazing scientific achievements with simple, everyday occurrences, this memorable tale brims with detailed descriptions of a futuristic vessel and bizarre scenes of life on the ocean's bottom. On-board travelers view Red Sea coral, wrecks of a historic naval battle, Antarctic ice shelves, and the fictional Atlantis. In addition, they confront a giant squid and belligerent cannibals, among other rousing adventures. The crowning achievement of Verne's literary career, *Twenty Thousand Leagues Under the Sea* not only influenced H. G. Wells and future generations of writers, but also inspired numerous films.
