Reviews

It is one of the most popular ebook. It usually fails to price an excessive amount of. It has been printed in an extremely basic way in fact it is merely right after I finished reading through this book in which really altered me, change the way I believe.

FOUR-DIMENSIONAL VISTAS

DOWNLOAD

Hamlin Press. Paperback. Condition: New. 152 pages. Dimensions: 8.5in. x 5.5in. x 0.3in. Originally published in 1922. PREFACE: Since the first publication of Four-Dimensional Vistas in 1916, there has been a marked access of interest in the subject with which it deals. This is partly because of the extraordinary popular interest in the Einstein Theory of Relativity, which in one of its aspects involves the idea of a forth dimension; and partly by reason of Ouspenskys Tertium Organum, a widely circulated book which deals with these same ideas philosophically, with a competence to which Vistas can lay no claim. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
