Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The concepts in this book are not curated over the centuries as many other spiritual beliefs. The beliefs that I have laid down here in Uber Religion - are so young and untested that they will seem like some kind of psychosis to most readers - at least until the point in time where you understand the Science behind these beliefs. The old saying that Truth is stranger than fiction is more true today than ever before. We now know more about the universe than any religious prophets did when they invented religion thousands of years ago, when the stars were thought to be tiny candles in the sky and that dragons were real and could fly and breathe fire. We ve learned a great deal since then and we now know what stars are all about and even what galaxies they inhabit and how all the stars and galaxies were formed. Our Religions have not kept pace, however, with the almost infinite new knowledge discovered over the centuries and updated minute by minute. Yet, there is a crying need for such new ideas today more than ever. I also believe that our civilization has approached dangerously close to the edge of the precipice. If we do not take on a new kind of Consciousness and/or spirituality all may be lost. I believe that in order to reach the speed necessary to avert a total disaster, we need to open the powers of perception of this critical number of people, the vast majority of us need to be as high as we can get. Only in this state will most of us be able to wrap our heads around the...
