Falsifiability does not negate the value judgments of economics. but the starting point of economics than most other social science disciplines at least pay more attention to answer how. and less willing to answer the question of How should . Economists are more than most other social scientists hope their career represents a highly dedicated human capital. Western developed countries. especially the United States. represented by the Economist Group. in order to monopolize its own field of study. and to create a series of industry Bagu. euphemistically referred to date norms. Therefore. the economics magazine full of complex formulas and statistics. is tantamount to hang a No Admittance into the brand. the other line of business. academics. and ordinary readers prohibitive. But economists. after all. is not all worldly air of fairy. many of them still relish in preaching to the economists to Xi Bu readers. At this point. they are often exposed ordinary people the truth. to persuade others to believe they say on How should. At this time. they also tend to talk about it then. However. as Friedman Professor of hope. they want their public simply as a citizen concerned about when the world. or intellectuals express their views. Although they view things inevitably play on the...
