Association for Supervision & Curriculum Development. Paperback. Condition: New. 237 pages. Dimensions: 8.9in. x 6.0in. x 0.6in. Distinguished educators Arthur L. Costa and Bena Kallick present this collection of stories by educators around the world who have successfully implemented the habits in their day-to-day teaching in K-12 classrooms. The collective wisdom and experience of these thoughtful practitioners provide readers with insight into the transdisciplinary nature of the 16 Habits of Mind--intelligent behaviors that lead to success in school and the larger world--as well as model lessons and suggestions for weaving the habits into daily instruction in language arts, music, physical education, social studies, math, foreign language, and other content areas. Readers will come to understand that, far from an add-on to the curriculum, the habits are an essential element for helping students at all grade levels successfully deal with the challenges they face in school and beyond. As in all their books on the Habits of Mind, Costa and Kallick have a broad and worthwhile goal in mind. As they say in the concluding chapter of this volume, If we want a future that is much more thoughtful, vastly more cooperative, greatly more compassionate, and a whole lot more loving, then we have to invent it. That future is in our homes, schools, and classrooms today. The Habits of Mind are the tools we all can use to invent our desired vision of the future. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
