Predatory Plutocracy (Paperback)

By Anthony J Windisch

Anthony J. Windisch, United States, 2002. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Predatory Plutocracy is a first-person account of how government computers add to waste, told by Anthony J. Windisch, CCP. For more than 30 years, Windisch has worked in managing, supervising, and designing computer automated systems, both for a large private company and for the federal government. He experienced how the federal government agency ignored his employee suggestions to eliminate computer waste. He witnessed how reports about financial mismanagement were ignored. Windisch is a Federal Whistleblower. His book tells his story and is a call to action. In March 2008, Windisch completed his 25 -year study and report. Whistleblower Windisch claims that our United States government functions as a predatory plutocracy because it ignores individual concerns for the good of business. He describes this as similar to nations that suppresses individual rights for the good of the state. In his whistleblower tale of government waste, Windisch documents a steady trail of government reports. These reports acknowledge problems with inadequate computer controls. For example, a Government Accounting Office Report (GAO) in 2000 warned about business and worldwide hackers. As noted in previous testimonies...

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
