Brand New Book. Now children can bring one of the most beloved fairy tales to life with this charming coloring book. Thea Kliros has rendered 30 scenes from the story of the beautiful young princess who is cast into a 100-year sleep by the spell of a wicked fairy. Here are ready-to-color line drawings rendered in a romantic style that capture the drama and romance of the tale: the feast celebrating the birth of the princess, the appearance of the wicked fairy at the celebration when she makes her chilling prophecy that the princess would prick her finger on a spindle and fall into a deep sleep, the moment years later when a handsome prince arrives whose kiss waked the beautiful young woman, and many other memorable scenes. The complete text of this time-honored tale, set in large, easy-to-read type, accompanies the handsome illustrations.
