Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Has there ever been a more important time to teach your children about money? Once upon a time there was a land where higher education was paid for, people stayed in the same jobs for most of their working lives, banks provided reliable financial advice and the state provided a pension for the twilight years. Those days are gone! With more emphasis on the individual to manage their money and make wise financial decisions - who can we turn to for help? Like it or not, parents are the main source of financial advice for our children, who learn from our actions and attitudes. in the **7 Money Mistakes Parents Make** you will discover some of the common mistakes you may be making at present and importantly how you can change this to create a brighter financial future for the ones you love. Chapters include How and why we should talk about money with our children , How our language affects behaviour and Why occasionally we should let them fail . This concise guide is a quick and easy read that will challenge the way you think about money and the influence you have on your children.
